Title: COMPOSITE ARTICLES INCLUDING A FLUOROPOLYMER

**REISSUE APPLICATION DECLARATION AND POWER OF ATTORNEY BY THE INVENTOR**

As a below named inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.

I believe I am an original, first and joint inventor of the subject matter which is described and claimed in patent number 6,346,328, granted February 12, 2002, for which a reissue patent is sought on the invention entitled COMPOSITE ARTICLES INCLUDING A FLUOROPOLYMER, the specification of which is attached hereto.

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I believe the original patent to be wholly or partly inoperative or invalid by reason of the patentee claiming more or less than the patentee had the right to claim in the patent.

At least one error upon which reissue is based is described below. Following is an explanation as to the nature of the broadening.

Claims 1, 13-19, and 28-36 describe a composition comprising a substantially non-thermoplastic polymer having at least one pendant phenolic group, and a base that does not require the other elements of these claims, e.g., the second layer. New independent claim 49 and dependent claims 50-65 feature the composition.

All errors corrected in this reissue application arose without any deceptive intention on the part of the applicant.

I acknowledge the duty to disclose information that is material to patentability as defined in 37 CFR § 1.56.

I hereby claim the benefit under Title 35, United States Code § 119(e) of the United States provisional application listed below:

Application No.	Filing Date
60/094,668	July 30, 1998

As a named inventor, I hereby appoint Practitioners at Customer Number 32692 my attorneys and/or agents with full powers (including the powers of appointment, substitution, and revocation) to prosecute this application and any division, continuation, continuation-in-part reexamination, or reissue thereof, and to transact all business in the Patent and Trademark Office connected therewith.
